
exempt, unincorporated, private, American

Next Step Checklist - "jus soli"

Political Status Next Steps Checklist

STEP 1

Upon receipt of completed/mailed documents:

Items you will need:

- Downloaded and printed documents.
 - A package of sticky notes.
 - Red ink pen.
 - Red ink pad.
 - Blue ink pen.
 - Small package of wet wipes; this is to remove the ink from your thumb.
 - (Two) 2x2 pictures with a white background. Just like what you'd find on a passport. These are used on witness statements and uploaded onto Global Family's International Land Recording Site for your credential cards. (no timeframe on when these will be mailed out yet)
 - 8.5 x 11.5 manilla envelope if you are publishing your paperwork with your county or State of Alaska
 - A small package of letter envelopes for your notices to be mailed
-

STEP 2

Political Status Documents for Notarizing

- Make sure you have all of the documents below shown in bullet points and separated.
- Add a photo to your witness forms. Your friends/family will use your photo and information on the form to verify that you are who you say you are.
- Get your witness forms signed by those who have known you; they are verifying that you are the person you say you are.
- Get the rest of the forms prepared for being autographed and notarized. You can get your paperwork notarized without the witness forms.
- All the above is complete! Move to Step 3.

- Declaration of Political Status
- Declaration of Political Status Act of 1779
- Two Witness Statements (one for each of your witnesses to sign)
- Deed of Reconveyance
- *Deed of conveyance (ONLY if born in another country)
- Certificate of Assumed Name
- Act of Expatriation JOHN ANDY DOE
- Act of Expatriation JOHN A. DOE
- Act of Expatriation JOHN DOE

- Foreign Sovereign Immunities Act
- Cancellation of all Prior Powers of Attorney
- DNA Paramount Claim
- Common Carry (only if joining Assembly)

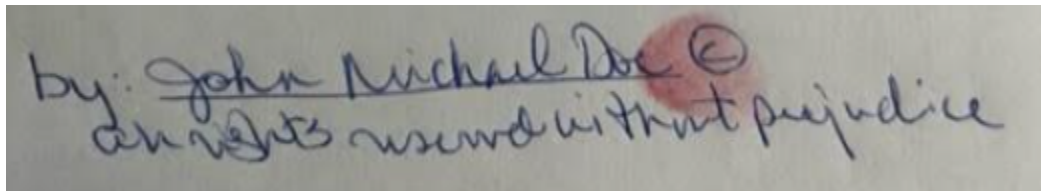

STEP 3

Preparing for notarizing your documents. Since you will be signing/autographing with a witness who will verify who you are it's important to know the basics regarding how you will autograph each page.

Distinguishing yourself as an American and utilizing your autograph, copying and all rights reserved. You will note that all of your documents already have the copyright sign listed for you as well as All Rights Reserved.

- As Americans, we autograph as opposed to signing. But, for the purposes of this document we will use both terms as the same thing.
- Wherever you see a signature option you can now begin to autograph with a by: _____ which means a "by line."
- We use our copyright; because part of our paperwork assures our copyright.
- Underneath our signatures/autographs we write All Rights Reserved. We do this on everything because it protects us against undisclosed contracts and fraud.
 - You can use this on all checks
 - On credit card signatures
 - Buying and selling a home. (I did and didn't have a single issue)
 - Opening up bank accounts
- You can also use UCC1-308 instead of All Rights Reserved. Which means it reserves all of your American Common Law Rights.

See the example below:

by: John Reyes Davila© (**red thumbprint should touch your autograph last name and ©)

All Rights Reserved Without Prejudice

STEP 4

Take out your sticky notes as you will be using the sticky notes to denote your autograph example for each page. This is where things get VERY specific. However, if something is done incorrectly it's really not a big deal. It's the "intent" of what you are doing not whether something is right or wrong. Plus, if you ever have a mistake just strike through and correct in pen as many of us have done. Many of us have small errors, strike throughs etc. It's not a big deal at all.

Having sticky notes placed on each document will make this a breeze! You will just attach them where you will sign in the correct ink and format to assist you. Then, follow what the sticky note says to do. Your copyright symbol and All Rights Reserved are put in place for you.

Once you have created the sticky note and attached what the autograph will look like onto the document you can check it off the list!

- **Political Status Declaration:** by: John Anthony Doe©
 - **Declaration of the Naturalization Act of July 1779:** by: John Anthony Doe©
 - **Two Witness Statements:** *no specific style required for witnesses signatures*
 - **Deed of Re-Conveyance:** by: John Anthony Doe©
 - ****Deed of Conveyance (for those not born in America) :** by: John Anthony Doe©
 - **Certificate of Assumed Name:** by: John Anthony Doe©
 - **Acts of Expatriation JOHN ANTHONY DOE:** by: John Anthony Doe©
 - **Acts of Expatriation JOHN A. DOE:** by: John A. Doe©
 - **Acts of Expatriation JOHN DOE:** by: John Doe©
 - **Foreign Sovereign Immunities Act:** by: John Anthony Doe©
 - **Cancellation of All Prior Powers of Attorney:** by: John Anthony Doe©
 - **DNA Paramount Claim - BLUE ink, Cursive like this:** by: John Anthony Doe©
 - **Cancellation of All Prior Powers of Attorney:** by: John Anthony Doe©

 - **Common Carry Declaration (this is not to take the place of any legal situation you might be in, this is requested by State Assemblies (you do not need this if you are on of the many who are not going to participate):** by: John Anthony Doe©
-

STEP 5

Getting your documents notarized. Determine where you will go. We recommend the free version as it will save you money and this should be a service offered for free at your bank or credit union. If not, try the UPS store, they notarize for \$7-11 per page. Or, look up a notary in your area.

Checkoff list for notarizing

- I have secured a notary.
 - I have a blue pen.
 - I have a red pen.
 - I have a red ink pad for my thumbprint. Review how to add your thumbprint to your autograph above.
 - My sticky notes are attached to each document so I know what I will be doing.
 - Small package of wet wipes; this is to remove the ink from your thumb
 - Manilla folder 8.5x11
 - I'm ready to head to the notary.
-

STEP 6

Remember, notaries ONLY verify your identity. They DO NOT read your documents; this is not in their purview. They are witnessing your signature/autograph and that you are the person on your credential(s).

- Ask if notary can sign in blue
 - Autograph each document as shown on sticky note with thumbprint
 - Use wet wipes so you don't smudge your paperwork. If you have any issues it's really not a big deal.
 - Autographing of documents in front of witness/notary complete.
-

STEP 7

Once Notarizing is Complete

- Create 3 hard copies of your notarized documents; including your two witness statements for your records. Just save these in case you need them. You can always keep copies in your car as well in an envelope.
 - Save a copy of the notarized documents on a USB or somewhere you can store safely if there is an EMP. You will use these for uploading on Global Family if you choose to publish for free and get an account.
-

STEP 8

Publish & Record Your Documents

Please choose a minimum of one place to publish and record. We recommend Global Family. Your video might have suggested your county but some counties will not accept paperwork so we have provided both Alaska and New Mexico. New Mexico will be the fastest should you choose to publish in a secondary place outside of Global Family. Global Family is necessary for your prosperity account and is a land recording office in and of itself.

Checkoff all of the options you'd like to complete now:

- Global Family International Lawful Land & Soil Recording & Publishing System**; and it's **FREE**. We are very excited about this because it is your conduit into your account with an international trade bank for pre-paid credit and ONLY declared Americans can participate. It acts as an International Lawful Land & Soil Recording & Publishing system, which serves the global community worldwide. Their goal is to assist 8 billion people across the world with gaining access to credit to better lives.

Please note: you may use your notarized forms to upload and enter onto their (Global Family) land recording site

- First Step: Go to 528 Link and complete the form. We don't work for GFG so if you have questions please email them at the email below if there is something that doesn't quite make sense. It will ask you for general information
- Choose the ID you will be using i.e. passport, driver's license etc.
- The GFG# we believe you can leave blank
- For your address you can begin to use % then your address. **However, some systems will not take this format so just do what you can. It's not a big deal unless you are sending a formal letter.
- When you have completed the form send an email to publish@globalfamilygroup.com and share the following:

““I have completed the status correction form and have my notarized documents ready to be published for the first time. My name is _____. If you could help me with how to access an account to upload my documents I would be most appreciative.”

****You will then receive an email once they create your account. Please note this process could take several days to complete. Wait a few days and if you haven't heard back, then send another email. The International Trade Bank which is also an International Publishing System is pretty busy at this time.**

If you want to access pre-paid credit you will need to provide a utility bill, 2x2 photo (at some point they will be creating American State National credentials to their members, and your paperwork. We do not know the timeframe of when this will go live. Again, we don't work for Global Family, we are sharing information we have been provided, only. Once you receive your account you will have an option to upload each document. You will need a computer for this. If you have scanned all of your documents into one document you may need to upload one at a time. ****Pretend you are printing and go to print on your scanned copy then just print the page you want into a pdf and save it. This is an easy way to save into specific pages to upload onto your account. You will also need to upload a utility bill that shows you live at the address you are giving for your account. If you don't have a utility bill in your name you can use the bill in someone else's name and just explain this in the email you will send once everything is uploaded. You will also be able to upload the two passport photos you used for your witness statements. At some point Global Family will be creating free credential cards.**

- Once you are ready to upload your documents you will need a minimum of the 1779 document, two witness statements, utility bill or bill with corresponding address (if you don't have one review the FAQs below, and your identification that prove you have corrected your political status.** *****Please note: you will see several other places for documents but they are not necessary. If you choose to upload them you can upload in the corresponding upload spaces. For the fee agreement, which is NOT necessary, you can find this in your resources in your bundle and will have to use the word document and add your information and have notarized. Again, we have outlined your minimum requirements above.**
- If you want to access pre-paid credit you will need to provide a utility bill, 2x2 photo (at some point they will be creating American State National credentials to their members, and your paperwork.
- Once you are done uploading send another email to publish@globalfamilygroup.com and share the following: "Hi, my name is _____ and I have uploaded all of my documents and wanted to make you aware just in case I did something incorrectly." In the email is also where you will explain if you don't have a utility bill etc. Then, wait for your account! It will take a couple of days and you will receive an email letting you know.

Frequently asked questions when creating an account with Global Family

1. Question: I am seeing all sorts of documents including something called a Fee Agreement
 - a. Answer: Remember, above it is stated that the minimum documents needed are your 1779 and two witness statements. The other items listed are for those who are participating in their State Assemblies not for gaining a prosperity account and for publishing and recording.
2. Question: I don't have a utility bill in my name?
 - a. Answer: Make sure to email using the email above and read the below on how to let them know that you don't have a utility bill in your name.
3. Question: I received a password but have no idea how to login
 - a. Answer: Login here [Global-Verify-L-Login \(tgf528.network\)](http://Global-Verify-L-Login(tgf528.network)) and enter your full email used and your password.
4. Question: Can I just upload the basics and then add all of the other things later? Like my thumbprint?
 - a. Answer: Yes, we recommend this in gaining access to your account.

****Please note this process could take several days to complete. The International Trade Bank which is also an International Publishing System is pretty busy at this time. If you want to access**

pre-paid credit you will need to provide a utility bill, 2x2 photo (at some point they will be creating American State National credentials to their members, and your paperwork. We do not know the timeframe of when this will go live.

More options to publish and record below. All up to you as to where, and who you choose to publish and record with.

- State of State Alaska** (this is where the Federation of States is located and we let them know you have declared yourselves as Americans. They can pull this information up easily for pre-paid credit owed. Plus, we use Alaska for our UCC Filings. There is a traditional recording fee as if you were recording in your own county.
 - Estimate \$100-150 dollars
 - Drop your documents in the manilla folder; do not include notices
 - Write a note (I wrote mine in pen) to the recording office letting them know that you wish to have your documents and how to reach you via email and phone if there is anything else you need or have missed.
 - Send a check, postal money order (these are best because they can be tracked) or a cashier's check.
 - Because you are mailing your original copies (these must be originals for all counties) Mail certified mail with receipt. This will cost around \$5

Below is the information for Alaska Recording Office:

- If your fees are different than what you send they will call you and you can make a payment over the phone.
- (907) 269-8876- call with any questions; they are very helpful
- [DNR Recorder's Office \(alaska.gov\)](http://alaska.gov)
- Mail to: Alaska Recording Office 550 West 7th Ave., Suite 108, Anchorage, AK 99501-3564

Estimated Cost for Alaska Recording			
Document Type	Amount	How Many	Total
First Page Fee	\$20	1	\$20
Each Additional Page Fee	\$5	17	\$85
Non-Standard Document Fee	\$50	1	\$50
Total			\$155

- Your county.** Is identical to the process notes above for Alaska. But some counties do not accept paperwork; not all states have true land recording offices and your name is considered land which is why we recommend the State of Alaska.
- New Mexico** is also an option; based on a previous member of ours. Here is the information. \$25 for New Mexico and \$58 for the e-filing company use the link for the website irecord365.com...
- Registered Letter:** Send a registered letter to yourself with your documents. Keep the green card as that number is your record number. Use it if ever in court as it is a valid record. **Do not open** until you give it to the judge. *We have never done this ourselves but it has been recommended.
- Newspaper Ad:** Post an ad in the newspaper claiming yourself as a newly declared American. We do not offer any further advice other than what we have. You can use any magazine or newspaper large or small.

Just a couple sentences will do (no need to provide any paperwork at all), for example: "The Trade Name "William Henry Doe" has been returned and re-conveyed to its natural permanent domicile on the land and soil of New Hampshire effective March 2nd 1950; Doe, Wm. Henry, Fiduciary, in care of 4109 Fairfield Street, Oxford Massachusetts, 01540."

- **Your State Assembly:** If you want to join your State Assembly you will be providing your paperwork. We recommend that you let them know you are already recorded and published on Global Family to prevent any further fees. They could try to ask you to record on their land recording office but it is NOT necessary as you are already complete. Global Family was put into place because there were multiple issues with other systems. It is possible for a State Assembly to require a different item but regarding correcting your status - once you are published & recorded you are complete.

STEP 9

The below NOTICES/documents DO NOT need to be notarized:

These letters must be signed with your by: _____ (your by line) and you can use your thumbprint as well.

- Scan your signed copies and keep your originals. Autograph your letters with copyright and All Rights Reserved Without Prejudice.
- Send registered mail and save your receipts and put together with green cards once they are returned for your own records/record keeping.
- Or, send certified mail because it is MUCH less expensive than registered. Registered mail is roughly \$17 per mailing. Certified mail is about \$5 per mailing. Certified and/or Registered mail is necessary as this is part of the record and proof of noticing.
- **For Veterans: Form DD2168 (this is yours to fill out since it requires an SSN) letting your commanding officer know you have reclaimed your birthright political status
- Voter Registration Cancellation
- Revocation of election to pay taxes for IRS and
- Revocation of election to pay taxes for Internal Revenue Services, both.

- Bank letter denoting lawful money (if we don't have your information; we will send you the notice that you can complete on your own).
-

STEP 10

Continued Learning:

We recommend the following for immediate continued learning:

1. **You Know Something is Wrong When** - It takes a beginners approach to better explain the complex items of fraud. It's an American Affidavit of Probable Cause and also begins to make sense of UCC Claims. [You Know Something is Wrong When.....: An American Affidavit of Probable Cause: Riezinger, Anna Maria, Belcher, James Clinton, Snover, Paul Alan: 9781491279182: Amazon.com: Books](#)
2. **Understanding your American Government** - [\(42\) anna reitz - YouTube](#) - Subscribe and watch all of the videos describing our American Government structure. They are very basic, a mom and pop style, to help in the processing of information. The videos are also bite sized with the exception of the first video which is 45 minutes. After the first video the rest are 5-10 minutes roughly.
3. **The Blood Money Series** - This is the most accurate disclosure of what has been called the great fraud. Uncovering unlawful conversion of the American political status. We, personally, can attest to its accuracy as our story along with emails between a BAR attorney and ourselves are actually shown and in the book itself. You can find it here. [\(42\) Returning Home - YouTube](#) - Subscribe and watch all of the videos on the Blood Money Series. You will need to start with #1 and they are listed backwards on the site. So, find the 1st video and work your way to the 23rd video.
4. **Blood Money**, the book, by Anna Von Reitz - [Blood Money: Compilation of Articles by Anna Von Reitz: Von Reitz, Anna Maria: 9798453405404: Amazon.com: Books](#)

If you choose to Join Your State Assembly [Join your American State Assembly Anna Von Reitz \(americanstatenationals.org\)](#).

We have been asked if people have to join their state assembly: Joining your State Assembly is NOT required to be an American. If you want to be kept apprised of the news subscribe here: [Subscribe to our Newsletters \(americanstatenationals.net\)](#) Subscribe to the Monday Webinar with Anna Von Reitz. No video required you will just listen in. Think of it like news and history from an historian.
